

THE LATEST PUBLISHED RESEARCH

CURRENT SCIENCE, TAILORED TO YOUR R&D NEEDS

Give your R&D team access to the latest articles with proprietary, current, and authoritative research from the world's most influential scientific societies. From tokens for specific articles to annual subscriptions for journals and reference works, we help craft the right package to maximize your ROI.

*Dedicated
support, bespoke
content packages,
and flexible
purchase models.*

CONTENT PACKAGES TAILORED TO YOUR NEEDS

Our offering includes bespoke content packages customized to your changing R&D needs. You can combine:

- **Articles:** Instant access to the latest articles, book chapters, and reference works with Article Select Tokens — the most cost-effective option for discovery and access to unsubscribed content.
- **Journals:** The best ROI for current, authoritative published research.
- **Online Books:** DRM-free, unlimited concurrent users, and usage-based collections.
- **Major Reference Works:** 250+ combined works of some of the world's leading experts in their fields.
- **Current Protocols:** A comprehensive collection of step-by-step instructions for laboratory work, written by leading scientists.

THE MOST INFLUENTIAL TITLES IN YOUR FIELD

Over **1600 journals** including the renowned

- Angewandte Chemie International Edition
- Crop Science
- Clinical Pharmacology & Therapeutics
- Advanced Engineering Materials
- Biotechnology and Bioengineering

More than **250 prominent reference works** including

- Ullmann's Encyclopedia of Industrial Chemistry
- Kirk-Othmer Encyclopedia of Chemical Technology
- ClinMicroNow, new from Wiley and the American Society of Microbiology

Over **24,000 no-DRM online books** for unlimited concurrent users such as:

- Chemical Engineering in the Pharmaceutical Industry: R&D to Manufacturing
- Machine Learning for Asset Management
- Advanced Thermoelectric Materials
- Process Scale Purification of Antibodies
- Polymorphism in the Pharmaceutical Industry

Research that's right up to date — offered via flexible, adaptable purchase models to support your changing R&D needs.

THE LATEST PUBLISHED ARTICLES TO SUPPORT YOUR RESEARCH

Our article output covers a broad range of disciplines, from Molecular Biology, Pharmacology, Clinical Medicine, and Chemistry, to Engineering, Economics, Energy, Agriculture, and more.
