

# AUTHORITATIVE RESEARCH FOR GOVERNMENT AGENCIES

## PUBLISHED RESEARCH TO SUPPORT EVIDENCE-BASED POLICY MAKING

Access an extensive catalog of proprietary research from the world's most prestigious **scientific and academic societies**, including the work of over 500 **Nobel laureates**.

Get the **critical scientific information** needed to support government research and **evidence-based policy making** in a wide range of subjects, including Physical Sciences, Engineering, Medicine, Life Sciences, Math, Social Sciences, and many more.

*Rigorous research, bespoke packages, a variety of procurement options, and dedicated support are all assured.*

## BESPOKE CONTENT PACKAGES TAILORED TO YOUR NEEDS

Our offering includes bespoke content packages customized to your research and education needs. You can combine:

- **Journals:** The best ROI for current, authoritative published research. Subscriptions include perpetual access back to around 1997.
- **Backfiles:** Newly digitized journals spanning three centuries and over 2.8 million articles.
- **Online Books:** DRM-free, unlimited concurrent users, and usage-based collections.
- **Major Reference Works:** 250+ combined works of some of the world's leading experts in their fields.
- **Current Protocols:** A comprehensive collection of step-by-step instructions for laboratory work, written by leading scientists.

## THE MOST INFLUENTIAL TITLES FOR GOVERNMENT AGENCIES

Over **1600 journals** including the renowned

- Angewandte Chemie International Edition
- Geophysical Research Letters
- Advanced Materials
- Water Resources Research
- Journal of The American Geriatrics Society
- Global Change Biology

More than **250 prominent reference works** available for subscription or perpetual access, including:

- Ullmann's Encyclopedia of Industrial Chemistry
- Kirk-Othmer Encyclopedia of Chemical Technology
- ClinMicroNow, new from Wiley and the American Society of Microbiology
- Encyclopedia of Chemical Technology Online

Over **24,000 no-DRM online books** for unlimited concurrent users, including titles such as:

- The Liver: Biology and Pathobiology 6e
- Tropical Climate Dynamics
- The Data Science Handbook
- Pharmacoepidemiology 6e
- Hunting Cyber Criminals
- Physics of Magnetic Flux Ropes

# Usage and denial data ensures that you're spending on exactly what your researchers need, when they need it.

## A BROAD RANGE OF SUBJECTS

Our article output covers a broad range of disciplines, from Molecular Biology, Pharmacology, Clinical Medicine, and Chemistry, to Engineering, Economics, Energy, Agriculture, Computer Science, and more.

**35%**  
Health Sciences

**27%**  
Physical Sciences  
& Engineering

**23%**  
Life Sciences

**15%**  
Social Sciences

## FLEXIBLE AND CUSTOMIZED PURCHASE MODELS

We offer flexible purchase options, from single titles to subscriptions, and from perpetual to usage-based access.

### Article Select Tokens

- The content you need when you need it
- Instant access to journal articles, book chapters, and reference works
- Cost savings over pay-per-view pricing
- Tailored access options
- Flexible package sizing to meet your needs

### Subscriptions

- Predictable pricing
- Continuous access to thousands of titles and millions of articles
- Multi-year license available
- Predictable pricing for renewals
- One negotiation, one annual renewal, one set of terms and conditions

### One-time purchases

- Perpetual access
- 250+ Major Research Works
- Single-title no-DRM online books
- Backfiles: 900+ titles with 2.8+ million articles going back three centuries

### Usage-based collections

- More than 24,000 online books for institutional use
- Unlimited concurrent users
- No DRM restrictions
- Collections by subject available

### Enhanced-Access License

- Unlimited concurrent access to standard and custom collections
- Predictable price, increase caps, and discounts
- Multi-site access
- Perpetual access

## CUSTOMIZED SUPPORT FOR YOU AND YOUR USERS

- A **dedicated Account Manager** from pre- to post-sale
- A variety of **procurement options**: direct with Wiley, through subscription agent or, for U.S. accounts, Wiley **FEDLINK** contract
- Bespoke packages ensuring the best value for your agency
- Customer experience **support to your users**
- **On-demand training** hubs and customized live sessions
- **User and denial data** to track what content your researchers are using, and what else they are looking for
- Account dashboard with **real-time reports**
